

## Conflict Minerals Policy

Response to the international control on conflict minerals policy, "Conflict Minerals" refer to to rare and precious metal minerals, including Ta, Tin, W, Gold, and Co, mined by the Democratic Republic of Congo and its neighboring countries in situations involving armed conflicts and human rights violations.

ProbeLeader adheres to be responsible for "Conflict Minerals Policy" and will not procure or use conflict minerals with Ta, Tin, W, Gold, and Co, from sources associated with conflicts or high-risk regions.(Accordance to the Organization for Economic Co-operation and Development, OECD standards.)
